### 导演阐述: Director Statement

去年我无意中读到一则关于“老人生子”的新闻报道后，非常震撼，我才知道“失独”这个词，才知道中国这个人群如此庞大，我能感受到一种强烈的“生命与爱”的巨大力量，于是，我决定创作这部电影。

故事最终选择用“荒诞”形式来表现这个沉重话题，我认为“强颜欢笑”更能震撼人心，电影中这对象“阿甘”一样顽强、执着的老夫妻想尽办法“回春再孕”，行为看似荒诞，却是充满着浓浓爱意，背后更是具有强烈的社会现实意义和发人深思。

Last year, I accidentally read a piece of news that an old woman gave birth to a baby. I was shocked by it. After having consulted some information, I understood the word "shi du" in Chinese, which means that losing one's only child caused a series of problems of supporting the old people, and there is such a large group of people suffering this in China. I felt a strong huge power of life and love, and decided to make a script on this topic without any hesitation.

I finally chose to present this heavy topic in an absurd way, I think the audience to force a smile can make the script more heart-shaking. This old couple who are as indomitable and persistent as Forrest Gump, tried everything to become young and get pregnant again. Their behavior seems absurd, but it is full of love, which has a great social practical significance and calls for deep thought.
