故事大纲 Synopsis

故事采用章节体非线性叙述的方式来讲述一起银行劫案。

两组劫匪同时闯进一家没有现金的小镇银行，更糟糕的是，他们发现自己被警方包围困在了银行里。就在劫匪不知所措时，热心的银行女职员提醒他们，可以学电影里向警方要直升机。

在等直升机的过程中，劫匪和人质开始聊天，玩游戏。这时，小镇警察黄国全却突然持枪出现在银行里，但他手里的枪却是一把玩具枪。

随后县特警队，记者，小镇居民都来到了劫案现场，他们开始参与到这起劫案中。

被劫匪制伏的黄国全给劫匪出主意逃走，劫匪竟然听从。

然而最后的结果却出乎劫匪和警察的意料。

The story tells about a bank robbery in the chapter and nonlinear narrative style.

Two groups of robbers came into a same bank which without cash in it, even worse, they found themselves surrounded by police. When the robbers were at a loss, an enthusiastic female staff in the bank reminds them that they can ask for a helicopter as the movie does.

When the robbers waiting for the helicopter, they started talking to the hostages and playing games. At this time, Huang Guoquan, a police in the town, suddenly appeared in the bank with a gun, but the gun is a toy-gun.

Then, the SWAT, reporters and residents came to the scene, they started to participate in this matter.

Huang Guoquan, who was caught by the robbers, gave an idea to the robbers, unexpectedly the robbers adopted the suggestion.

But the result was contrary to the expectations of robbers and the police.

导演阐述 Director Statement

这是一出荒诞的闹剧。

故事里的每一个人物，他们都只在电影里见过银行劫案，他们所有关于银行劫案的经验也都是来自电影。于是当他们都按照电影的情节来处理实际情况时，荒诞的戏剧性效果便出现了。

我希望能通过一种内敛，含蓄的方式来处理这部电影，而不是向外扩张，夸大的方式。因为故事本身已经足够的荒诞，如果采用向内收的方式来处理，爆发出来的幽默效果会更加强烈。

This is an absurd farce.

Everyone in this story had seen the bank robbery in the movie only, all experience about the bank robbery is also from the movie. So, when the characters deal with the actual situation according to the film's plot, the absurd dramatic effect appears.

I hope this film style is restrained and subtle, instead of outspread and exaggerate. Because the story itself is absurd enough, if treated in the reserved way, the humorous effect will be more intense.
